

**MIDDLESEX WATER COMPANY
- JOB OPENING -**

EDISON, NJ

Job Title: Water Quality Technician III

Department: Water Quality

Job Summary:

Under the guidance of the Chemist and Water Quality Technician I or II, this position will learn and perform the following: Routine tests (chemical and microbiological), sampling, on-call duties (including weekend work), handle water quality complaints and investigations, preparation of laboratory reagents, compilation of laboratory report forms, computer data entry, chain of custody documents and knowledge of cross connections.

Work Performed:

1. Learn routine tests and quality control associated with such tests in the area of water quality.
2. Learn proper sampling procedures for all types of samples required.
3. Learn the different water quality parameters for the different types of water treated and supplied by Middlesex Water Company.
4. Learn how to handle water quality complaints in a pleasant way including but not limited to field investigations, if necessary, to try to determine the cause of the complaint and to recommend corrective action.
5. Learn and perform on-call duties including weekend work, proper communication and other requirements as specified.
6. Learn and practice the maintenance of laboratory equipment and procedures.
7. Learn and practice laboratory and field safety procedures and practices as provided.
8. Learn to prepare laboratory reagents as needed.
9. Monitor laboratory supplies and report to supervisor when replenishment is required.
10. Learn and maintain chain of custody documents and MWC report forms.

Work Performed (continued):

11. Learn procedures for recognizing potential cross connection problems for both residential and industrial settings.
12. Learn location of distribution system site, interconnection, watershed sampling sites, well field and other field sampling locations.
13. Attend training sessions as needed.
14. Learn the procedure for and maintain neat and accurate laboratory records.
15. Perform other related duties as required by supervisor.
16. Adhere to and promote the Company safety policy and practices as it pertains to the job.

Qualifications:

- High school diploma or equivalent with at least one year high school chemistry or biology. Equivalent job related experience can be substituted.
- Valid driver's license required.
- Ability to keep neat and accurate records.
- The ability to communicate well both verbally and in writing.
- Ability to obtain T-1 license within three years of date of hire.

Job Requirements:

- While performing the duties of this job, the employee is required to lift up to 40 pounds, climb, crawl, stoop, reach, grasp, and stand frequently.
- Work emphasizes visual acuity, hearing, and speech.
- Must be able to drive.
- Must be able to smell.
- Must be able to differentiate colors.
