 STANDARD TERMS AND CONDITIONS

2. APPLICATION FOR ESTABLISHMENT OF SERVICE

- 2.1 Application for water service may be made by telephone, by mail or in person. Such application shall be made, and accepted, and any applicable deposits and fees shall be paid before any service is provided.
- 2.2 Written application is required only for establishment of service to a location not previously served. Application forms, where required, will be provided by the Company upon request.
- 2.3 All applications shall be made by the prospective customer or the customer's duly authorized agent.
- 2.4 A separate application for water service must be made for each water connection, including fire and irrigation service.
- 2.5 Applications for water service are not transferable. Each new owner or occupant of the premises to be supplied is required to make a new application.
- 2.6 Application shall not be accepted from a present or former customer in arrears on a valid bill for water service on any other premises for which the customer had made application for water service except in cases where a mutually agreed payment plan has been established between such customer and the Company for payment of a valid bill which is past due.
- 2.7 Each customer shall notify the Company promptly of any change of ownership of the premises supplied under his application.
- 2.8 Where more than one rate schedule is available to particular customers, the utility shall have at all times the duty to assist such customers in the selection of the rate schedule most favorable for their individual requirements and to make every reasonable effort to insure that such customers are served under the most advantageous schedule.
- 2.9 Application may be made for a new connection and service pipe through which water service is not immediately desired. A special form of agreement shall be entered into, which provides that the customer shall bear the entire expense of making the connection, subject to a refund of the cost of installing the service line from the main to the curb, including the curb stop, whenever regular service is commenced. No refunds will be made after ten years from the date of installation of the connection.

Fourth Revised Sheet No. 21

STANDARD TERMS AND CONDITIONS

7. CUSTOMERS' PREMISES

7.1 The Company may refuse to provide a water service connection with any customer's piping system or furnish water to any connecting pipe already installed, when the customer's piping system is not installed in accordance with the regulations of the Company (including but not limited to the Cross Connection Control Plan) and of the municipality in which the premises are located; or when the piping system on the premises has not been protected from allowing groundwater/soil to enter the connecting pipe or when it is not at sufficient depth to prevent freezing.

7.2 The Company shall have the right of reasonable access to a customer's premises and to all property supplied by it, at reasonable times, for the purpose of inspection incident to the rendering of service, reading meters or inspecting, testing or repairing its facilities used in connection with supplying service, or for the removal of its property.

7.3 The customer shall obtain or cause to be obtained, all permits needed by the Company for access to its facilities. The Company, where necessary, will make application for any street opening permits for installing its service connections and shall not be required to furnish service until after such permits are granted. The municipal charge, if any, for permission to open the street shall be paid by the customer.

7.4 Reserved.

7.5 The customer shall not permit access to the meter or other facilities of the Company except to employees of the Company, duly authorized state regulatory officials and the customer's certified backflow prevention device testers.

7.6 In case of defective service, the customer shall not interfere with the apparatus or appliances belonging to the Company but shall notify the Company immediately.

7.7 All piping within a customer's premises shall comply with State, municipal and other regulations in force with respect thereto.

7. CUSTOMERS' PREMISES (Continued)

7.8 Physical connections, such as cross connections, either permanent or temporary, between pipes on a customer's premises supplied by the Company and any unapproved source of supply, including but not limited to private wells, are strictly prohibited.

7.9 In any premises where an NJDEP approved auxiliary water source is permitted, the pipes carrying water from the mains of the Company are required to be marked in some distinctive manner for ready identification.

7.10 No device or connection shall be permitted between pipes or fixtures carrying water from the mains of the Company and any portion of the plumbing system of the premises or any other piping system on the premises in cases where the system is not designed to prevent backflow or back-siphonage in accordance with the Company's Cross Connection Control Plan.

7.11 If a premise is to remain unoccupied for an indefinite period, customers are advised to have the interior plumbing drained, especially during cold weather, to avoid damage to pipes and fixtures. When requested, the Company will suspend service to unoccupied premises temporarily by shutting off the water at the curb and removing the meter.

7.12 Whenever leakage occurs on pipes and facilities owned by the customer, the customer shall make the necessary repairs without delay. If the customer fails to make said repairs, the Company reserves the right to discontinue the supply until such time as the leak is repaired. A reconnection charge will apply should the Company take action to physically discontinue water service.

7.13 All costs associated with periodic testing of an approved backflow prevention device and reporting of said test results shall be the responsibility of the Customer. The reporting format and mechanism for reporting test results shall be determined by the Company.

STANDARD TERMS AND CONDITIONS

8. BILLS (Continued)

8.7 A customer having two or more meters (excluding meters for Private Fire Protection under applicable Rate Schedules PFS) on the same premises will be charged at the Facilities charge for each plus the consumption rate for the quantity of water equivalent to the sum registered on all of the meters on the premises. Each installation under applicable Rate Schedules PFS will be charged separately.

8.8 A customer wishing to discontinue service must give notice to that effect. Where such notice is not received by the Company the customer shall be liable for service until the final reading of the meter is taken. Notice to discontinue service will not relieve a customer from any minimum or guaranteed payment under any contract or rate.

8.9 If requested in writing by the customer, the Company will send bills to, and will receive payments from agents or tenants. However, this accommodation shall in no way relieve the customer of the responsibility of paying such charge. In the case of a residential account, if such charges are not paid, and notice is issued with intent to discontinue service, notice shall be served on both the billing address and the service address. (N.J.A.C. 14:3-3A.6)

8.10 At least fifteen (15) days' time for payment shall be allowed after sending a bill. The Company may discontinue service for nonpayment of bills provided it gives the customer at least ten (10) days' written notice of its intention to discontinue. The notice of discontinuance shall not be served until the expiration of the said 15 day period. However, in case of fraud, illegal use, or when it is clearly indicated that the customer is preparing to leave, immediate payment of accounts may be required.

STANDARD TERMS AND CONDITIONS

10. PRIVATE FIRE PROTECTION SERVICE

10.1 Customers are required to make separate written application for private fire protection service and enter into an agreement pertaining to conditions for service.

10.2 Private fire service installations shall be made in accordance with the provisions of this Tariff regarding the installation of service and connecting pipes and other facilities. Private fire protection systems that include storage tanks, pumping equipment, fire hydrants and/or any combination of these will be required to comply with the Company's Cross Connection Control Plan.

10.3 Private fire service lines that do not include fire hydrants, storage tanks, pumping equipment and/or any combination of these shall be equipped with a rated fire service meter and double check valve assembly in accordance with the Company's Cross Connection Control Plan; private fire service lines without private hydrants shall be equipped with detector-check type meters and shall be used exclusively for fire protection purposes. The connecting pipe shall be the at least the same size as the meter.

10.4 No water shall be used through private fire protection facilities except for purposes of testing or in case of fire.

10.5 The charge for private fire service is based on the size of the meter. Bills are rendered monthly. No charge is made for water used solely for fire extinguishing purposes or for reasonable testing purposes, provided the Company receives written notification in advance that tests are to be made.

10.6 Where a tank, standpipe or other storage facility is used, it shall be so constructed and arranged as to protect the water from pollution and shall conform with all applicable rules and regulations of the State Department of Environmental Protection and the Company's Cross Connection Control Plan.

10.7 Authorized representatives of the Company shall have the right to inspect all fire protection facilities on a customer's premises at reasonable hours.

10.8 The customer shall be responsible for all costs associated with a fire watch program is required by local officials in response to emergency or planned work performed by the Company that interrupts or is anticipated to interrupt water supply to fire services.

STANDARD TERMS AND CONDITIONS

12. WATER MAIN EXTENSIONS

12.1 Applications for extensions may be made in person, by telephone or by mail, at any Commercial Office of the Company. Upon receipt of such application, the Company will make a survey and advise the applicant as to the most suitable plan for installing the proposed extension and the probable cost to the customer.

12.2 Distribution mains will be extended only in public streets or highways or in new streets or highways, not yet accepted, but which have been laid out according to an accepted plan approved by the appropriate authority to be in public streets or highways. The Company will require an easement with terms acceptable to the Company in cases where the streets or highways have not been accepted. In no case, however, will distribution mains be installed until streets or highways have been rough graded to an established and approved grade. In the alternative, and at the sole and absolute discretion of the Company, mains may be installed in properly configured and recorded easements with terms acceptable to the Company

12.3 Water main extensions will be installed pursuant to agreements which will be prepared in accordance with all applicable laws of the State and Board of Public Utilities regulations and orders including but not limited to those regulations contained in N.J.A.C. 14:3-1, N.J.A.C. 14:3-6, N.J.A.C. 14:3-8 and N.J.A.C. 14:3-10.

12.4 Each extension shall become a part of the distribution system of the Company and shall be owned, maintained and controlled by the Company.

12.5 The Company shall have the right to connect additional customers to an extension and to construct further extensions thereto.

STANDARD TERMS AND CONDITIONS

14. EMERGENCY RESPONSE DUE TO EXTRAORDINARY DEMAND AND/OR DIMINISHED SUPPLY (cont.)

14.2.1 (cont.)

Company may restrict the use of water whenever the public welfare may require it and, if necessary, may shut off the water in its mains and pipes. In such cases the Company shall advise its customers by placing a prominent advertisement detailing the conditions and restrictions in a newspaper of general circulation in the utility service area. The notice will state the purpose and probable duration of the restriction or discontinuance. Failure to provide regular and uninterrupted service due to breakdowns is covered under other sections of this tariff.

14.2.2 The Company may restrict water service during certain periods, where the Company advises the Board of Public Utilities, in order to protect the public water supply, or otherwise to comply with any regulations, orders or decrees issued by the Governor of New Jersey or the Department of Environmental Protection pursuant to the Water Supply Management Act. Such interruptions or restrictions shall be reported to the Department of Environmental Protection and the Board by each utility by the speediest means of communications available, followed by a detailed written report, pursuant to the provisions of N.J.A.C. 14:3-3.7(g), within one week. Thereafter the utility shall provide weekly reports for the duration of the emergency.

14.2.3 When the supply of water to individual customers is to be shut off or curtailed for failure to comply with emergency water restrictions imposed because of extraordinary demand or diminished supply, the Company shall advise its customers by placing a doortag on the front door of the home of the individual(s) in violation of the restrictions, at least twenty-four (24) hours prior to discontinuance or curtailment, or by giving another form of notice acceptable to the Board. The Company will advise business and commercial customers, in writing, by mailing a notice to the customers' billing address. In the case of doortags, they shall be sequentially numbered and include the date, time and nature of the violation and the procedure for restoration of service. All such notices shall be accounted for by the utility.
