

NOTICE OF PUBLIC HEARING
MIDDLESEX WATER COMPANY
PINELANDS WATER COMPANY
NOTICE OF FILING OF A PETITION FOR APPROVAL OF A
DISTRIBUTION SYSTEM IMPROVEMENT CHARGE
BPU Docket No. WR25070452

PLEASE TAKE NOTICE that on July 30, 2025, Middlesex Water Company (“Middlesex”) and Pinelands Water Company (“Pinelands Water”)(collectively, the “Joint Petitioners”), pursuant to N.J.A.C. 14:9-10.1 et seq., filed a Petition with the Board of Public Utilities (the “Board” or “BPU”) of the State of New Jersey seeking approval to implement a Distribution System Improvement Charge (“DSIC”). A DSIC is a rate recovery mechanism to encourage and support accelerated rehabilitation and replacement of certain non-revenue producing, critical water distribution components. Its purpose is to enhance safety, reliability, water quality, systems flows and pressure, and/or conservation. A DSIC rate is interim, subject to refund, until the subsequent base rate case.

The Joint Petition consists of a Foundational Filing. The Foundational Filing lists the projects the Joint Petitioners believes are eligible for recovery through the DISC surcharge for the period 2025 through 2028. Please note the Joint Petitioners requested that a maximum quarterly DSIC surcharge of \$12.72 per meter equivalent be authorized. The Joint Petitioners will implement the DSIC surcharge if, and when, it achieves specific levels of infrastructure investment and places the facilities into service as required by N.J.A.C. 14:9-10.4.

The Joint Petitioners have proposed that the DSIC surcharge be assessed to the following services and classes of customers based on the customer’s meter size or service connection: General Metered Service and Private Fire Protection Service. Pursuant to BPU regulations, public fire service charges are not affected by this surcharge. It is important to note that any surcharges implemented as a result of the DSIC will be revised on customer bills on a semi-annual basis. The maximum surcharges shown below are not intended or expected to be reached until the conclusion of both the Foundational Filing proceeding and subsequent semi-annual DSIC filings. The Joint Petitioners expect the rates to be assessed incrementally over a three year period commensurate with the Joint Petitioners’ actual DSIC program capital spending.

The maximum proposed DSIC rates allowable for recovery pursuant to N.J.A.C. 14:9-10.1 et seq. are set out below:
